Dear Mitch and colleagues,

Enclosed is a production letter for the MDL production that is going out today, pursuant to the MDL protective order and the parties' stipulation. The passcode for the drive is **1602560**

I have copied Robert Hoff who is also handling getting the privilege logs and the production letters (with the document production descriptions) to you to assist and cooperate in handling the documents.

We had already begun the process of getting to you the state productions. I currently expect that to be all completed and sent to you next week.

Paul
